

# Kiosk Reset

1. **Tap** the black bar multiple times in the **Lower Right Corner** until the login screen appears.

2. On the login screen type **“ax0000”** then hit **“Enter”**

3. On the “Service Menu” screen verify the

“Function” button is selected as shown in photo.

4. Tap “RESET ERROR”.

After 10 or 15 seconds the Red light should turn Green.

5. If the light turns Green, tap “Close”

6. If the light stays Red, tap “REBOOT”

The kiosk will reboot which will take a few minutes.
